#### Report of the Statutory Auditor on the Limited Statutory

to the Board of Trustees of

Ruedi Lüthy Foundation, Bern

As statutory auditors, we have examined the financial statements of Ruedi Lüthy Foundation, which comprise the balance sheet, income statement, cash flow statement, statement of changes in equity and notes for the year ended 31 December 2022. As permitted by Swiss GAAP FER 21 the information in the performance report is not required to be subject to the statutory auditors' examination.

These financial statements in accordance with Swiss GAAP FER and Swiss law, the foundation's deed and regulations are the responsibility of the board of trustees. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence requirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the Limited Statutory Examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of personnel and analytical procedures as well as detailed tests of foundation documents as considered appropriate in the circumstances. However, the testing of operational processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the financial statements do not give a true and fair view of the financial position, the results of operations and the cash flows in accordance with Swiss GAAP FER. Furthermore, nothing has come to our attention that causes us to believe that the financial statements do not comply with Swiss law, the foundation's deed and regulations.

Zurich, 15 March 2023

Yours sincerely

### Notes to the 2022 financial statements

## 1. Principles governing the preparation of the financial statements

#### 1.1 General

The Ruedi Lüthy Foundation was established on 12 February 2003 and entered under the name of Swiss Aids Care International in the Zurich Commercial Registry on 27 March 2003 as a charitable foundation under the terms of Art. 80 ff. of the Swiss Civil Code. The name change was approved on 16 June 2016 by the Federal Supervisory Board for Foundations (FSBF) and entered in the Bern Commercial Registry with effect 1 July 2016. The initial capital comprises a contribution by the founder of CHF 100,000.

The purpose of the foundation is to provide comprehensive treatment and support to HIV and AIDS patients in southern Africa. To this end the foundation may operate clinics, train doctors and nurses, and take any other measures that serve the purpose of the foundation. The foundation does not pursue any economic purposes, and does not seek to make a profit. In accordance with a ruling by the Cantonal Tax Administration of the Canton of Bern, given its nonprofit status, the Ruedi Lüthy Foundation is exempt from cantonal and municipal taxes, direct federal taxes, and inheritance and gift tax. The Foundation Regulations of 12 February 2003, with the amendments of 24 June 2014, 24 March 2015, 23 June 2015, 16 December 2015 and 25 May 2016, have been approved by the Federal Supervisory Board for Foundations (FSBF) of the Swiss Federal Department of Home Affairs.

Operational responsibility for all activities in Zimbabwe (Newlands Clinic, Training Centre, Women's Health Centre) lies with the Ruedi Lüthy Foundation, Zimbabwe. The Ruedi Lüthy Foundation in Bern bears the entire costs of the Ruedi Lüthy Foundation, Zimbabwe.

#### 1.2 Basis of the financial statements

The financial statements are prepared for the year to 31 December in accordance with the Swiss Code of Obligations and the requirements of Swiss GAAP FER 21. The material valuation principles are explained below.

A separate financial statement is prepared for each of the three areas of activity of the Ruedi Lüthy Foundation, Zimbabwe. These accounts are kept in US dollars and audited by Grant Thornton in Harare. They are consolidated into the financial statements of the Ruedi Lüthy Foundation.

#### 1.3 Currency translation

The accounts of the Ruedi Lüthy Foundation are kept in Swiss francs. Transactions in foreign currencies are converted into Swiss francs at the exchange rates prevailing at the time of the transaction. Cash and cash equivalents in foreign currencies are converted at the balance sheet date. The income statements of the three units in Harare are converted at average rates (the rates published by the Swiss Federal Tax Administration) and balance sheet items are converted at the rates on the balance sheet date mentioned above. Currency translation differences from the conversion of profit and loss items are recognised in financial income. Differences from the translation of balance sheet items are recognised directly in organisational capital:

Foreign currency	Average rate 2022	2022 closing rate
US dollar	0.9630	0.92341
EUR		0.98587
Yen		0.7001
GBP		1.11355
Can\$		0.68167

Foreign currency	Average rate 2021	2021 closing rate
US dollar	0.9205	0.91513
EUR		1.03638
Yen		0.79497
GBP		1.23453
Can\$		0.71601

#### 1.4 Accounting and valuation principles

#### Cash and cash equivalents/securities

Cash, post office accounts and bank deposits are recognised at nominal value, securities at market prices as per the statements from the banks where the securities are held.

#### Inventories

Drugs and other goods are recognised at the lower of cost or market. Cost prices are determined using the weighted average price method.

#### Real estate in Switzerland

The property recognised on the balance sheet is rented to third parties. It was donated to the Ruedi Lüthy Foundation in 2021 and recognised on the balance sheet at a conservatively estimated market value.

The property is recognised on the balance sheet at current value and therefore systematic depreciation is not taken. To check impairment a valuation report is commissioned every five years. If there are signs before the five-year period has elapsed that the value has developed negatively, a valuation report is promptly commissioned and any impairment immediately recognised in profit or loss.

#### Organisational capital

The organisational capital comprises the components of capital to be recognised under this item in accordance with Swiss GAAP FER 21. In addition to the foundation capital paid in by the founder, this includes funds whose use is not restricted by third parties and funds whose use has been designated by the organisation itself.

## Recognition of donations

General donations (including legacies resulting from deaths and memorial donations) are recognised in profit or loss at the time of the remittance, in other words once the foundation can actually dispose of the funds. Mere promises of payment are not recognised.

#### 2. Comments on the financial statements

### 2.1 Cash and cash equivalents and current assets listed at the stock exchange

	31.12.2022	31.12.2021
	CHF	CHF
Cash	14'206.01	14'209.65
Postfinance	633'725.82	506'365.46
Banks	7'764'041.27	8'258'569.77
Total cash and cash equivalents	8'411'973.10	8'779'144.88
Current assets listed at the stock exchange	13'767'053.86	15'945'811.25
Total cash and cash equivalents and current assets listed at the stock exchange	22'179'026.96	24'724'956.13

Cash and cash equivalents and current assets listed at the stock exchange (securities) constitute the Ruedi Lüthy Foundation's strategic cash reserves, safeguarding its capacity to act and contract in the medium to long term. In the event that donation income declines, these assets allow the necessary lifelong HIV treatment to be continued on a temporary basis and patients to be transferred to other clinics. Asset management mandates have been given to three banking institutions for the management of the funds. Any trailer fees due to the foundation are paid on an annual basis.

Securities are recognised on the balance sheet at market prices, and realised and unrealised gains and losses are recognised in profit or loss. The organisation capital contains fluctuation reserves to take account of the market risks related to securities. The amount of these reserves is reviewed annually in accordance with the guidelines for the different asset classes and adjusted as required. On 31 December 2022 these reserves came to 13.8% of the value of the security holdings (prior year: 11.9%).

#### 2.2 Receivables

Total inventory	859'946.94	828'306.44	

#### 2.4 Real estate and tangible assets

#### Switzerland:

The real estate in Switzerland is a property that was donated to the Ruedi Lüthy Foundation in sole ownership in 2021. The donor has stipulated the condition that a defined share of the income on the property be transferred to another charitable organisation every year. The same applies to the proceeds in the event that the property is sold. The Ruedi Lüthy Foundation's obligations arising from this are taken account of in the financial statements.

#### Zimbabwe:

In the light of the political uncertainty in Zimbabwe, investments in real estate and tangible assets are not recognised on the balance sheet but are recognised directly in profit or loss on the date of acquisition.

#### 2.5 Liabilities

	31.12.2022 31.12		
	CHF	CHF	
Liabilities from goods & services	58'696.40	40'155.42	
Other liabilities	64'470.17	81'286.20

Liabilities from goods & services relate exclusively to liabilities of the Ruedi Lüthy Foundation, Zimbabwe. Other liabilities relate to the office in Bern.

#### 2.6 Non-current liabilities

The amount recognised on the balance sheet as a deferred long-term liability corresponds to the obligation of the Ruedi Lüthy Foundation resulting from the donation of the property.
